ITALY CANNOT HAVE FIUME—WILSON

PRESIDENT'S DECLARATION CAUSES A SENSATION IN THE PEACE CONFERENCE

Stand of United States Brings a Climax to the Italian Crisis Which Has Existed for Many Days—Orlando Calls His Delegates Together to Consider What Action Remains to be Taken.

BULLETIN

PARIS, April 23.—(By The Associated Press)—After a conference held by the Italian delegation this afternoon it was announced that the delegates would leave Paris tomorrow.

BULLETIN

PARIS, April 23.—(By The Associated Press)—Premier Orlando of Italy, this evening addressed an official communication to Premier Clemenceau, president of the peace conference, says that as a result of the declaration by President Wilson, the Italian delegation had decided to leave Paris at two o'clock tomorrow afternoon.

BULLETIN

PARIS, April 23.—(By The Associated Press)—It was learned at Italian headquarters this evening that the Italian delegates were first apprised of President Wilson's statement when it appeared in the afternoon papers. Premier Orlando at once sent a note to Premiers Lloyd George and Clemenceau asking them if they thought it possible after the publication of this document, that the Italians could remain in the peace conference. A reply had not been received up to a late hour tonight.

PARIS, April 23.—(By The Associated Press)—President Wilson's emphatic declaration that he will not yield on the Adriatic question, has created the most profound sensation in the peace conference. He has thrown down the gaunlet to the supporters of secret treaties in a manner which almost took away the breath of delegates who have been urging compromises on points covered by many secret documents.

President Wilson's sweeping declaration, while aimed directly at Adriatic problems, also reaches the Kiao-Chau controversy, in which Japan relies on secret agreements made with Great Britain, France and Italy in 1917 to support her in her claims to the concessions held by Germany in Shantung.

Regard Statement as a Challenge.

The peace delegates generally regarded President Wilson's statement as a challenge which will dispose of the question whether secret documents are to figure in the peace.

The Italian situation overshadowed all other questions thruout the day in Paris and was the sole subject of conversation.

When it became known this morning that Premier Orlando was again absent from the session of the council of four, various rumors became current. Signor Orlando remained at Italian headquarters, but messengers carried him many notes.

Numerous stories of compromises were suddenly discredited by the issuance of President Wilson's statement, showing that the president was not a party to the proposed concessions.

The idea prevalent in Paris, that the Adriatic situation was a game of chess, in which the most skillful diplomats would win regardless of the armistice conditions, was suddenly banished by the president's action.

Against Secret Diplomacy.

Since Monday it had been generally known he had prepared a statement and that the American delegation had approved it. But there was no suspicion that his position was so unalterably against secret diplomacy.

Declarations by the American delegation that the president would not yield were regarded by most European diplomatists, and especially by the Italians, as part of a political game, until today.

An Italian delegate said that the delegates would not leave Paris tonight.

Premier Orlando and the other Italian delegates, have been in conference examing the situation created by the statement.

President's Statement on Adriatic Question

In issuing his official statement on the Adriatic question, President Wilson let it be known that he desired once again to call attention to the fact that there were certain well-defined principles which have been accepted by the peoples of the world as the basis for a lasting peace. The United State delegation simply recaled this in order that there should be no deviation from these principles.

The text of the statement follows:

'In view of the capital importance of the questions affected, and in order to throw all possible light upon what is involved in their settlement, I hope that the following statement will contribute to the final formation of opinion and to a satisfactory solution.

"When Italy entered the war she entered upon the basis of a definite private understanding with Great Britain and France, now known as the pact of London."

"Since that time the whole face of circumstances has been altered. Many other powers, great and small, have entered the struggle, with no knowledge of that private understanding.

"The Austro-Hungarian empire then the enemy of Europe and at whose expense the pact of London was to be kept in the event of victory, has gone to pieces and no longer exists. Not only that, but the several parts of that empire, it is agreed now by Italy and all her associates, are to be erected into independent states and associated in a league of nations, not with those who were recently our enemies, but with Italy herself and the powers that stood with Italy in the great war for liberty.

"We are to establish their liberty as well as our own. They are to be among the smaller states whose interests are henceforth to be safeguarded as scrupulously as the interests of the most powerful states.

"The was was ended, moreover by proposing to Germany an armistice and peace which should be rounded on certain clearly defined principles which set up a new order or right and justice. Upon those principles the peace with Germany has been conveived not only, but formulated. Upon those principles it will be effected We cannot ask the great body of powers to propose and effect peace with Austria and establish a new basis of independence and right in the states which originally constituted the Austro-Hungarian empire and in the state of the Balkan group on principles of another kind. We must apply the same principles in the settlement of Europe in the same quarters that we have applied in the peace with Germany.

"It was upon the explicit avowal of those principles that the initiative for peace was taken. It is upon them that the whole structure of peace must rest.

Must Adhere to Principles

"If those principles are to be adhered to, Fiume must serve as the outletof the commerce, not of Italy, but of the land to the north and northeast of that port; Hungary, Bohemia, Rumania and the states of the new Jugo-Slav group. To assign Fiume to Italy would be to create the feeling that we have deliberately put the port upon which all those countries chiefly depend for their access to the Mediterranean in the hands of a power in which it did not form an integral part and whose sovereign they, if set up there, must inevitably seem foreign, not domestic or identified with the commercial and industrial life of the regions which the port must serve. It is for that reason, no doubt that Fiume was not included in the act of London but there definitely assigned to the Croatians.

"And the reason why the line of the pact of London swept about many of the islands of the eastern coast of the Adriatic and around the portion of the Dalmation coast which lies most open to that sea was not only that here and there on those islands, and here and there on that coast, there are bodies of people of Italian blood and connection, but also, and doubt chiefly, because it was felt that it was necessary for Italy to have a foothold admist the the channels of the eastern Adriatic in order that she might make her own coasts safe against the naval aggression of Austria-Hungary.

"But Austria-Hungary no longer exists. It is proposed that the fortifications which the Austrian government constructed there shall be razed and permanetly destroyed.

Refers to League of Nations.

"It is part also of the new plan of European order which centers in the league of nations that the new states erected there shall accept a limitation of araments, which puts aggression out of the question. There can be no fear of the unfair treatment of groups of Italian people, because adequate guarantees will be given, under international sanction, of the equal and equitabe treatment of all racial or national minorities.

"In brief, every question associated with this settlement wears a new aspect—a new aspect given it by the very victory for right for which Italy has made the supreme sacrifice of blood and treasure. Italy along, with the four other great powers, has become, one of the chief trustees of the new order which she has played so honorable a part in establishing.

"And on the north and east her natural frontiers are completely restored, along with the whole sweep of the Alps from northwest to southwest to the turned toward the great peninsula sula, including all the great water-shed within which Triest and Pola lie, and all the fair regions whose face nature has

STATE CEMENT PLANT PROPOSED BY GOV. LOWDEN

Bill Placed in Hands of Senator John Dailey.

SPRINGFIELD, Ill., April 23.—Governor Lowden today placed in the hands of Senator John Dailey, chairman of the joint committee investigating high prices of road building materials, the draft of a bill proposing the establishment of a state plant for the manufacture of cement to serve the construction projects of the state.

Senator Dailey declined to discuss the provisions of the measure beyond the statement that it did not contain an appropriation clause.

Announcement of the governor's apparent decision that state manufacture of cement is advisable, because of the prevailing high prices of the commodity, came late today as the investigation committee reopened hearings in this city. The purpose of today's session was to discuss the feasibility of using patented materials on Illinois roads in the event that legislation permitting such action, now prohibited by the act of 1897, is enacted.

Edward Melter of Chicago, representing a company manufacturing a patented road material, said a hard road of standard specifications could be built for $10,000 a mile using the preparation sold by his firm, whereas the same road if constructed of cement would cost $22,000 a mile.

The Scully Estate.

Tenants on lands of the Scully estate in Grundy county were before the agriculture committee of both houses this afternoon seeking relief from what they termed excessive rents imposed by absentee landlords.

Questioning of Harry Trapp, who appeared as an attorney for the Scully family, by Representative Dieterich brought out the statement that Thomas Scully owned 50,000 acres of land in Illinois. Mr. Dieterich asked if it were not true that Mr. Scully spent practically all his time in England, altho his technical residence was in Washington.

Mr. Trapp said Mr. Scully made frequent visits to theUnited States. He stated the estate had hogs in Kansas, Nebraska and Missouri.

Tenants who took the stand said their rents had been raised from four dollars originally to ten dollars an acre, and that they could not afford to pay that amount. In most instances the tenants said they had built building on the land which they feared they would lose if forced off by high rentals.

Woman 8-Hour Bill

The senate chamber was packed this afternoon by persons, many of them women, who opposed the Barr eight-hour bill on the general principle that legislation hedging in the rights of women to work as long as she pleased was unjustifiable. Practically every speaker spoke of emergencies of which the eight hour bill takes no cognizance.

Telephone operators, laundry workers and hotel and restaurant employes were among those women who spoke against the bill.

Altho friends of the Barr measure were given a chance to be heard several days ago, the committee today permitted three Chicago women to speak for the bill. They were Mrs. Benjamin Page, chairman of the legislative department of the Chicago Women's club; Mrs. R. M. Reid, chairman of the legislative committee of the State Federation of Women's Clubs; and Mrs. Joseph T. Neighbor, chairman of the industrial relations committee of the women's clubs.

Advocates of "home rule" for cities in the control of public utilities were before the subcommittee of eleven of the house public utilities and transportation committee today in support of the Wanless bill. Among the speakers who asked a favorable report on the measure were Robert L. Watson of Aledo, chairman of the home rule section of the Illinois Municipal league, Alderman Perry Ellis of Quincy and Commissioner W. J. Spaulding of Springfield. The sub-committee will hear the other side probably next week.

WHITES AND NEGROES FIGHT

Chicago, April 23.—One negro will probably die, it was said today by brideweil hospital attendants as the result of a series of sanguinary fights on the South Side last night between whites and negro residents. Brickbats, bullets and clubs were used promiscuously and many persons were hurt. Policemen were posted in the district after the outbreaks had been quelled.

Pershing and Baker Praise Illinois Troops

LUXEMBURG, April 22.—Twenty-three thousand soldiers of the Prairie division, many of whom fought on the Somme with the British and later with the first American army in the drive at St. Mihiel and in the Meuse-Argonne offensive, heard their record highly praised yesterday afternon by Secretary of War Baker and General Pershing. The review, preparatory to the departure of this, the Thirty-third division, for home was on a great meadow near Diekirch, which has been the headquarters of this unit made up principally of Illinois national guardsmen. The towns in the area were elaborately decorated in honor of Secretary Baker's visit and the review.

The secretary and the general arrival at Diekrich in the morning from France in General Pershing's special train. The party was on the way to Coblenz and the Thirty-third was the first division of the Third army which Secretary Baker visited.

Secretary Baker told the men of the division of the wonderful welcome awaiting them at home and of his hopes of getting all the men on the homeward way as soon as possible. General Pershing said the occasion was his first opportunity since the armistice was signed to thank the Thirty-third for what it had done declared there was no finer lot of fighting men anywhere on earth.

During General Pershing's inspection Secretary Baker mingled with the men.

INTERNATIONAL SITUATION

(By The Associated Press.)

Italy has the verdict of the United States government as regards her claims in the Adriatic. She may not have her aspirations for Fiume gratified, for that would block in from the sea behind the coast of Dalmatia the new small independent nations which are to become members of the league of nations.

President Wilson in a statement dealing with the controversy over Fiume, has clearly defined to Italy the stand of the United States, and thus has brought to a climax the crisis that has existed for many days.

With regard to the islands in the eastern Adriatic and that portion of the Dalmation coast which lies most open to the sea which Italy also is demanding, President Wilson broadly states that these are not now necessary to Italy to make her safe against naval aggression by Austria-Hungary, because Austria-Hungary no longer exists, and the fortifications along the coast are to be permanently destroyed. Also, the president says, the new states are to accept limitation of armaments, which will further put aggression out of the quetstion, and that equal and equitable treatment of all racial or national minorities thruout this region are to be guaranteed under international sanction.

President Wilson contends that if the principles under which the initiative for peace was taken are to be adhered to, Fiume must serve as the outlet for the commerce "not only of Italy but of the land to the north and northeast of that port. Hungary, Bahemia, Roumania and the states of the new Jugo-Slav group."

Premier Orlando of Italy immediately called the Italian peace delegates for a conference after the note was issued to prepara a statement to the Italian people.

Later Vice Admiral Thaon di Revel, former chief of the Italian naval staff, departed for Rome, and it was asserted that General Diaz, Itulian military commander-in-chief, would leave for Italy. What action this portends is problematical.

A state of siege has been proclaimed in Hamburg and its suburbs, while there has been considerable fighting and a number of persons have been killed or wounded. Pillage has been in progress in the harbor quarter. Bremen also is disturbed while terrorism still prevails in Munich.

A dispatch from Tokio says that opinion in Japan seems to be that Japan will accept the league of nations, even if the racial clause is rejected.

PLAN ANT-ARCTIC EXPEDITION.

London, April 23.—Another Ant-Arctic expedition is being planned, according to a statement printed in this morning's newspaers. John Cope, biologist with the British Ant-Artic expeditions of 1914-1917 will be leader and expects the expedition to start in June 1920.

SUBSCRIPTIONS TO V LOANS ARE COMING IN FAST

Hundreds of More Towns Have Exceeded Quotas

WASHINGTON, April 23.—A quarter of a billion dollars has been subscribed to the Victory Liberty Loan and officially reported to the treasury. This covers probably only the first two days of the subscription period and does not include the millions of pledges on which subscribers are taking their time to pay the initial installment. Neither does it include officially recorded subscriptions which have not been tabulated by banks.

Officials were inclined to believe that the actual subscriptions amount to at least a half billion dollars.

The first complaints that the treasury's reports do not fairly indicate the records of various communities, reached here today. They were met with the explanation that the figures given out by the treasury at night in most cases were transmitted by district managers about noon of that day.

The treasury loan managers have found it necessary to limit their tabulations to subscriptions reported thru channels of the federal reserve banks, and these banks recognize only subuscriptions backed by initial payments.

A telegram from Chicago tonight officially reported that Michigan had obtained its quota, and that 75 Iowa counties had subscribed the totals allotted.

The exact total tonight was $249,649,000, distributed in part as follows:

Boston, $45,418,400; New York $88,000,000; Philadelphia $19,258,150; Cleveland $18,193,950; Chicago $25,579,350; St. louis $29,877,800; Minneapolis $6,616,700.

Fifty-four towns and cities in New England have reached their quotas. With fifteen per cent of the St Louis district quota subscribed tonight, the Indiana section of the district was leading in percentage of quota obtained.

From General Pershing.

A cablegram from General Pershing tonight said that an officer had sailed for this country April 20 bearing pictures showing people gazing at Victory Loan posters which recently were put up on German territory.

Supplementary advices from Detroit, which went over the top on the first day, were to the effect that all workers are continuing their intensive campaign. The committee believed Detroit's entire quota will be raised without counting subscriptions by the banks.

The navy's actual subscription thus far has been almost $2,000,000, or enough to move the Victory ship, the U. S. S. Marblehead, approximately two miles on its voyage from San Francisco to New York.

The navy's flying squadron of battleships and destroyers, which are cruising along the Atlantic, Pacific and gulf coasts to help the loan, are receiving enthusiastic welcomes.

The Victory ship is scheduled to reach San Diego at noon tomorrow, where she will be relieved by the U. S. S. Crane.

Chicago District Reports.

Chicago, April 23.—With two states of the seventh federal reserve district already over their quotas, and meager reports from Illinois, Indiana and Wisconsin indicating that the campaign in those states was making substantial progress. Victory loan officials said tonight that progress was better than schedule. Chicago's subscriptions tonight were estimated at $27,500,000.

Iowa, the first state in the country to fill its quota in the third and fourth loans, passed its goal of $110,925,000 today and at headquarters it was said telegraph and telephone reports from county chairmen had swelled the total. A substantial oversubscription in Iowa is expected.

Late reports today from Michigan, it was said, confirmed the report that that state had obtained its quota on the first day of the campaign. Bay City reported subscriptions of $3,534,000 or $1,100,000 above their quota for Bay county.

In Illinois, two more counties, Mason and Lee, filled their quotas today Volunteer days will be a feature thruout the state.

Indiana reports were belated but officials said every indication was that the campaign was up to schedule.

Among big subscriptions listed in Chicago today were $1,000,000 each from the Standard Oil company of Indiana, Armour & Co., Swift & Co. and $825,000 from the Crane company.

Propagandists Trying to Make Burleson Quit

WASHINGTON, April 23.—Postmaster-General Burleson in a statement issued tonight asserted that an organized propaganda had been inaugurated in an effort to destroy him and thereby to oid in bringing about repeal of the zone postal law increasing second class rates.

The statement charged that more than a year ago an unnamed member of a committee seeking repeal of the law urged him to acquiesce and bluntly informed him, "we ruined Postmaster General Hitchcock and destroyed Mr. Taft." Later, it said, a well-known publisher, also unnamed, promised that Mr. Burleson would be made the most popular man in the cabinet if he would aid or acquiesce in the repeal, and said: "But if you do not, I fear they will ruin you."

These offers were spurned, Mr. Burleson declared, and now he said he was confronted by a systematic propaganda of selfish interests who through repeal of the law would be able to "resume enjoyment of a postal subsidy of over $70,000,000 per annum." Even under the zone law, he added, there still would be an annual loss of more than $50,000,000.

This statement followed one given out at the postoffice department today announcing that the postmaster general had directed that telegraph systems suspend their regulations against transmission of libelous matter, insofar as matter relating to the postmaster general was concerned. This order was given, after the night manager of the Postal system at New York had refused to accept certain messages filed by the New York World News bureau on the ground that they were libelous. These messages constiuted an article discussing the postmaster-general.

RED CROSS AIDING YANKS IN PARIS

WASHINGTON, April 23.—Fifty canvass buildings which served last summer as hospital wards for American soldiers wounded in the drive at Chateau Thierry have been obtained by the American Red Cross and set up on the site of the Paris exposition where they are being used for sheltering and feeding the 1,600 American fighting men who swarm into Paris daily on leave. This is the sixth free hotel the Red Cross has established for the care of American soldiers who visit Paris on sight seeing trips.

BREMEN SITUATION HAS BECOME SERIOUS

BERLIN, April 23.—The situation in Bremen has become serious. Advices received here state that a state of siege has been proclaimed by the senate and that the publication of all newspapers, has been prohibited.

The use of telephones or the telegraph has been prohibited, letters are being censored and the restaurants, theatres, and schools have been ordered closed.

Public traffic has been stopped and a cordon thrown about the city.

AIRPLANE WRECKED; AVIATORS INJURED.

Petersburg, Ill., April 23.—Lieut. F. E. Gibson and Corporal Emmet Snyder, aviator, had a narrow escape from death today when their airplane in which they were going to give an exhibition, crashed to the earth and was completely wrecked.

The aviators were about to make an ascent when their machine struck a tree, toppled over and fell thirty or forty feet. The men when removed from the wreckage were found to be uninjured, but badly shaken up.

The aviators, who come from Chanute Field, Rantoul, Ill., have been touring the state for the purpose of stimulating interest in recruiting for the aviation service, and also aiding in the Victory loan campaign.

POLICEMAN KILLED IN FIGHT WITH BANDITS.

Chicago, April 23.—One policeman was shot dead today, in an effort to halt automobile bandits and another was severely wounded in the leg in a revolver fight with a burglar.

HOGS REACH $21.10

Chicago, April 23.—A new high record for hog prices at $21.10 per hundredweight was established at the stock yards today. The previous record was made last September.

I. W. W. WILL FINISH THEIR CONVENTION

Sioux City, Ia., April 23.—James Kelly, local secretary of the I. W. W. today served notice that the I. W. W convention abandoned last night, would be finished regardless of consequences.

RECONSTITUTION OF THE NATIONAL GUARD STARTS

Several Units Ordered Organized by War Department

WASHINGTON, April 23.—Reconstruction of the national guard was actually started today when the war department thru the bureau of militia affairs authorized the organization of seven regiments and one extra battalion of infantry, one squadron of cavalry add 18 companies of coast artillery.

The state of New York was authorized to raise four regiments of infantry, one squadron of cavalry and 12 companies of coast artillery. New Jersey was authorized to organize one regiment of infantry and two companies of coast artillery. Ohio two regiments of infantry and Oregon one battalion of infantry and four companies of coast artillery.

These new units are intended to replace state troops which, under section 61 of the national defense act cannot be legally maintained by the states in time of peace. That section prohibits the maintenance of any troops except those prescribed in the act—regulars and national guard.

Other Units Will Follow.

Other authorizations for units are expected to follow soon. The states first considered were those in which conditions were such that their governors considered armed forces might be necessary under certain contingencies. The state of Pennsylvania, for instance reported to the war department that it possessed at this time a very efficient state constabulary and 3,000 state troops, sufficient to handle any emergency which could be foreseen at this time.

The units authorized today must be in such state of organization before June 30 as to be eligible for federal recognition If the war department is to extend financial aid. The organizations will all be based on a peace status, a company consisting of 65 men as a minimum.

"It should be clearly understood," the message sent to the state governments said, "that the war department does not call for the organization of the national guard at the present time but leaves initiation of its organization with the state authorities and it is not desired to anticipate the action of congress in the formulation of the national military policy, nor is it believed to be desirable to undertake the general reorganization of the national guard prior to the demobilization of the former national guard units from the United States army."

BOLSHEVIKI FIGHT OWN COMRADES

BERNE, Switz., April 23.—(French Wireless Service—A large part of the Bolshevik first army which surrendered several days ago to the Ukrainians has offered voluntarily to fight the Bolsheviki and already has been in action with the Ukrainians against the Bolsheviki at Uitmi, in the Pripet region, according to an official Ukrainian statement received from Rovno by the Ukrainian press bureau.

Messages were received Sunday at London that the Bolshevik first army had surrendered to the Ukrainian troops northwest of Kiev. Twenty thousand rifles, thirty-five guns and two hundred machine guns were said to have been captured.

PLAN PERMANENT EMPLOYMENT SYSTEM

Washington, April 23.—Representatives of governors of a number of states, meet here today with Secretary of Labor Wilson and John B. Densmore director general of the U. S. employment service for a three day conference for the purpose of drafting a legislative program for the creation of a permanent federal and state employment system. It is proposed to draft an act for introduction in congress perpetuating such a system.

LAWS BY LAWYERS.

Laws passed by the Illinois legislature ought to be able to stand tests in the courts if necessary, for a large number of the legislators are lawyers by profession. The exact records appear in the legislative handbook recently issued, which shows that practically one-third of the members of the assembly are lawyers, there being forty nine in the house and eighteen in the senate. Certainly with such an array of legal talent it should seldom happen that a law is placed on the statute books which the courts later defined as unconstitutional.

It is interesting to note in this connection that farmers as far as numbers are concerned hold second place in the state assembly.

IMPERIOUS MR. BURLESON.

Now comes the news that Mr. Burelson has suppressed the "house" magazine which has been issued from time to time in past years by the Postal Telegraph Co. Representatives of the postmaster general claim that there are articles in this publication which breathe disloyalty to their chief and therefore the publication is to be suspended. Evidently the day of free speech has come if one ventures to criticise anyone connected with the Wilson administration.

There is one good thing about the postmaster general's conduct and that is it is hastening the day when government wire control will end. The two things he has accomplished thus far are increasing the tolls and lessening the efficiency of the service.

GOV LOWDEN IS IN EARNEST.

A good deal of publicity is being given to the announcement that the state may begin the manufacture of cement at prisons. It is possible that this project is being pushed in a "loud" way at his time in order to give notice to manufacturers that if they will take lower prices for their product they can in this way discourage the state authorities from beginning the new enterprises at the penitentiaries. Moreover, there is nothing unreasonable in this plan of prison cement manufacture, since the materials produced could be used wholly for public works and need not interfere with private enterprises.

Thru this bill and by other means the manufacturers of materials which enter into road construction are finding out in a definite way that Gov. Lowden was in earnest when he declared that some other means of securing materials would be found unless the manufacturers reduced their prices in a way which would make it reasonable to proceed with the Illinois road building program.

ENDURING MEMORIALS.

There is a growing feeling voiced at many public assemblages that the honors paid to returning soldiers should be of an enduring kind—that is, something that will benefit them in the days to come. It will not do simply to have the bands playing, red fire burning, to "wine and dine" these returning heroes. It will not do simply to build shafts in their honor to name streets for them or plant trees. In several Illinois cities recently Mrs. O. A. Lake, will known platform speaker, has been heard with the well grounded plea for community houses to be erected as memorials—houses that may be useful thru the years, not only to the soldiers but their parents and friends. A community house fits in with the community council plan and has the advantage of a specific purpose.

Mrs. Lake sums up her arguments with this statement:

"When the boys come back rear no marble shafts nor monuments of iron to honor them for their glorious deeds. Instead, build community houses in every town in the United States that may be used by these boys, their parents, rich and poor alike, everybody."

THE DAYS OF FAITH

It cannot properly be said that the "days of faith have come" with reference to the value of Jacksonville educational institutions. That would imply that in the past days the people of the city have not understood what these schools and colleges mean to the community.

But it can be said that the recent controversy between Bloomington and Springfield with reference to the location of Illinois Wesleyan has brought a new appreciation of the value of Jacksonville's schools and colleges. There have been citizens of Jacksonville in the past who have felt that too much attention has been paid to education here and that a somewhat one-sided development has resulted. The remark has sometimes been heard: "Schools, colleges and churches are all right in their way but they do not make a city. There must be the same kind of attention paid to industrial and commercial life if really prosperous conditions are to obtain."

True, in all-round city development there must be earnestness of purpose above all these things. But some persons who have felt that educational and religious life have been emphasized at the cost of commercial and industrial interests have overlooked the commercial value of these schools and colleges.

The fact is that education is one of the chief commodities of commerce, one of the chief articles of manufacture so far as Jacksonville is concerned. Education is a business in which all the people are interested and the benefits are shared. The schools and colleges here attract hundreds of people to Jacksonville each year. Scores of men and women are given employment and the "pay rolls" of these institutions mean a very large outpouring into the commercial life of Jacksonville.

Aside from the money spent for tuition and salaries and that expended by the teachers and students, the fact must be borne in mind that colleges here thru endowment funds bring investments from outside territory. There are many investments which take money away from Jacksonville but the schools and colleges bring money here.

It is a safe guess to hazard that one of the principal motives of the Springfield people in making such a liberal offer for the removal of Wesleyan from Bloomington to the capital city was from a business basis. It was proposed by the Springfield people to furnish a splendid site, to guarantee a large sum of money for endowment and the whole offer ran into hundreds of thousands of dollars of value. Those Springfield people expected to be repaid thru the coming years because of the money which Wesleyan would bring to the city.

This Bloomington-Springfield controversy is one which it is worth while for Jacksonville people to consider. There is no movement under way for the removal of the colleges here but that is no reason why this Wesleyan affair should not create a more thoro understanding of the commercial and business value of schools and colleges to Jacksonville. They are business assets that many another city woud pay huge sums to take from us.

Rippling Rhyms

FISH.

The fish again are in the brook, from distant waters faring; and I must take a line and hook, and catch a cod or herring. When spring arrives I always feel an idiotic longing to go abroad with rod and reel, where other sports are thronging. My wife remarks, "To streamlet's shore I beg that you won't beat it; go, buy canned salmon at the store, and stay at home and eat it. You're always grouchy as a bear when you come home from angling; the way you cave around and swear sets all my nerves a-jangling." I know she's right; the fishing game I ought to call a halt on; I'll never duplicate the fame of good old Izaak Walton. 'Twere better far to plant some spuds, or prune the growing carrot, or gather up my winter duds, and s tore them in the garret. And yet the mighty urge I feel would make the deadest swab stir; I'll have to try to catch an eel, a dolphin or a lobster. I ought to trim that stately tree, whose life is plainly failing; but oh, the brook is calling me, and I must catch a grayling. I ought to grind the reaping hook, and toil like thrifty brothers;" but there are suckers in the brook, and wall eyed pike and others. So I'll forsake the growing greens, and leave the rhubarb dying, and go and catch some canned sardines or break a fishpole trying.

CATHOLIC AID SOCIETY MEETING

The Catholic Ladies' Aid society met Wednesday afternoon with Miss Mary Ryan at her home 1716 South Main street. A very good attendance of the members was present and the afternoon proved an interesting and profitable one for all. The next meeting will be held at the K. of C hall Wednesday afternoon, April 30. Business of importance will be discussed at that time and a full attendance of members is desired.

Funerals

Dinwiddie.

Funeral services for Mrs. Mottie Brown Dinwiddie were held from the home of her parents, 653 East State street at 10:30 o'clock Wednesday morning in charge of the Rev. C. E. French of Virginia.

Music was furnished by Mrs. Hartmann and Miss Scrimger. There were many beautiful flowers and these were cared for by Mrs. Irene Lewis, Mrs. Mabel Naumann, Miss Lena Rexroat, Mrs. George Fisher and Mrs. Lucile Knight.

Burial was in Arcadia cemetery, the bearers being Andrew Lewis, Hilton Naumann, Leon Dinwiddie,.. Roland.. Anderson, Leonard Wood and George Fisher.

Mellor.

Funeral services for the late Mrs. Martha Patterson Mellor were held at West Union Baptist church Tuesday afternoon at 2 o'clock. Elder A. J. Johnson of White Hall officiated and took as his test Acts, 4:3 and John 11:28 His words were of a character which contained much of comfort for the relatives and friends of the deceased who had gathered in such large numbers for the funeral services. Music was furnished by Misses Nellie Smith and Lucile Antrobus and Messrs. Morgan Story and Edward Maine, with Miss Louise Pearce at the piano.

The floral offerings were many and beautiful and were cared for by Misses Lucy Story, Gertie Dean, Irene Craddock and Mrs. Zella Ingram. The bearers were Messrs C. F. McCracken, Michael McCarty, John and Fred Thady, Joseph Dean and Richard Dobson. Interment was in the New cemetery at Murrayville. The Royal Neighbors, of which the deceased was a member, had a part in the services.

Mrrtha Patterson Mellor, daughter of James and Emily Patterson, was born on the farm three and one-half miles north of Murrayville Oct. 31st, 1874, and departed this life, April 20th, 1919, aged 44 years, 5 months and nineteen days. She was united in marriage to Robert Mellor of Morgan county, Ill.

To this union were born five children namely: Henry Lee; Osie Marie, wife of Howard Summers; Ora Sylvester, Ethel May and James Robert, all of whom survive their mother. Besides the children the deceased is survived by her aged parents, four sisters, namely: Mrs. Mary Kleoker, Mrs. Martin Craddock, Mrs. Lizzie Murray, Mrs. Norman Billings and one brother Alex Patterson, and a host of friends who mourn her loss.

The deceased was ever ready to help the sick or any one in trouble. She was a faithful member of West Union Baptist church, joining under the preaching of Rev. Mr. Mott and Rev. Autrobus.

Tribute From Ladies Aid.

In memory of our Dear Sister in the church and Ladies Aid, we contribute these few lines:

Yes, our dear one has left us,
And her faith in God was true,
And to think how she has suffered
Makes our hearts both faint and blue,
We would not that she were with us,
If again she could here come
For we know that she is happy
In the blessed far off home.

Ruling Passions

What makes the Twentieth Century Limited a "special" train? Because it offers special inducements to the traveler. In the same way a "special" picture offers added attraction to those who patronize the movies. It means they are going to see something bigger, something better.

"Ruling Passions" is another of the Extra-Special Super-Productions appearing every Thursday at this theatre.

"QUEEN OF THE SEA!"

Annette Kellerman, with Retinue of Nymphs Ready to Exhibit Shapely Charms and Marvelous Aquatic Skill at

Scott's Theatre

FRIDAY

Annette Kellerman in a gorgeous, glittering triumph of ocean depth! A wonderful marine panorama—a charming love story—marvelous feats of skill and daring—beautiful sirens and mermaids—these are to be found in perfection and profusion in the new William Fox super-phantasy, "Queen of the Sea."
To crown this masterpiece of filmcraft, Miss Kellerman, the world's most famous swimmer and most shapely woman performs a series of novel and startling aquatic thrills that will be the sensation of the motion picture world for months to come.
"Queen of the Sea" not only exhibits more daring stunts and more femine charms to the square inch than any other spectacle ever filmed, but it also reveals a strong, gripping romance of mortals and immortals that will appeal to [illegible] person of every age.
The loves and hates of mermaids, robbers, fire imps, crusaders and demons of the deep are woven into a real drama which holds your attention spellbound, and culminates in a breathless climax and a happy ending.

Some of the Big Thrills in "Queen of the Sea."

1—Annette Kellerman's 85-foot dive from a cable into the sea.
2—Swimmer's life-and-death battle in the boiling surf.
3—Heroic rescues of men from ship afire in mid-ocean.
4—Tremendous storm that batters vessel to pieces.
5—Desperate fight in sea cavern with balls of fire as weapons.
6—Heroine's miraculous escape from death under revolving knives.
7—Chained woman attacked by ferrets in the dungeon of the screen villain.
8—Terrific combat beneath the waves between mermaids and sirens.
9—Girl's amazing fall from the clouds into the yawning ocean.
10—Sword conflict in the dark between dismounted cavalry forces.
11—"Queen of the Sea" cost $1,000,000.
12—The director used 50 miles of film.
13—More than 1,500 persons appear in it.
14—200 beautiful girls pose as mermaids.
15—The star is Annette Kellerman, modern Venus.

OLD JACKSONVILLE

The Home Woolen Mills

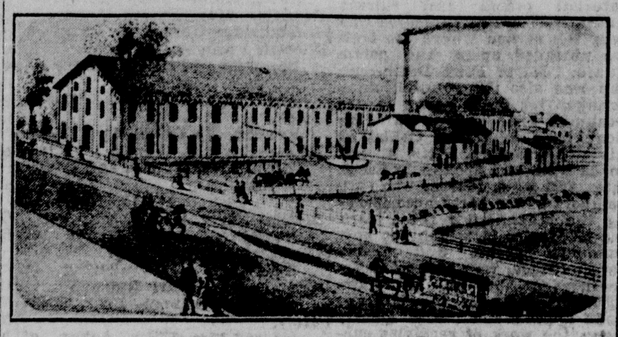

By Ensley Moore
(Member Illinois State Historical Society)

During the Civil War a great deal of money was made in this country by handling wool and in manufacturing it into goods. After the War, when men were looking forward for bigger things than ever, many factories of woolen goods were established in the smaller places, in this state. One place recalled was Rushville.

Jacksonville has always had a disposition to engage in manufactures, and the wool craze struck this city, altho it already had a good and successful establishment of that sort.

The Home Woolen Mills

was the title of an incorporation formed here in 1865. The incorporators were M. P. and A. E. Ayers, Geo. M. McConnel, John Gordon, Wm T. Beekman, William Richardson and Hamilton Staley. They put in a paid up capital of $100,000, which "was going some" for those days. This was invested in four acres of land lying immediately south of, and on the bank of the Brook, the tract running thru from South Main to West street, with an extension on the west side of West street, and in building a fine brick factory, fronting on South Main street, of which the accompanying cut gives a good idea. The factory was filled with up-to-date machinery, which, at that

The Home Woolen Mills in 1865

time of War prices was very expensive. The land on the west side of West street was occupied by "Factory Block," a large brick building two stories high, with a basement. This shows on the right side of the factory. The block was intended as a convenient dwelling place for the operatives, some of whom would probably have to be imported.

Wm. T. Beekman, of Tallula was made president of the company and Major George M. McConnel secretary. The enterprise started with sixty or seventy employes, and a good trade. It was an imposing structure in appearance, and said to have been very well built.

It Burned.

In January, 1873, "by the carelessness of a spinner," who allowed threads to be ignited by the gas in a jet, burning in the early morning, and then to fall on an oil-soaked floor, it was totally destroyed by fire, and the loss was so heavy upon the stockholders, coming at the very outset in their investment, that they have never rebuilt. And thus ended a well planned enterprise.

A LARGE ONION FARM

William E. Wroe of Asherton, Tex., nephew of Miss Susan Ellis of this city, has written his aunt an extended letter describing his establishment down in Texas. They are 123 miles southwest of San Antonio and 45 from Eagle Pass. They haxe 85 acres of Bermuda onions and a large quantity of others, together with a considerable quantity of market truck. He says the onions will yield about 400 bushels to the acre and realize from $1.75 to $2 a bushel there. He says they will be ready to ship about the middle of May, when they will have at least 50 cars.

They employ from 50 to 120 Mexican laborers during the planting and onion harvest, and 50 the year round. They cultivate it with 10 mules and a tractor that draws four 20-inch plows. All kinds of flowers grow there profusely and it is a beautiful country. They depend principally upon irrigation for their moisture. The gentleman's home is in Chicago where he spends a part of the year.

WILSON'S DECLARATION CAUSES SENSATION IN PEACE CONFERENCE

(Continued from Page 1)

turned toward the great eninsula upon which the historic life of the Latin people has been worked out thru centuries of famous story ever since Rome was first set upon her seven hills.

"Her ancient unity is restored. Her lines are extended to the great walls which are her natural defense. It is within her choice to be surrounded by friends; to exhibit to the newly liberated peoples across the Adriatic that noblest quality of greatness, magnanimity, friendly generosity the preference of justice over interest.

Friend of Italy.

"The nations associated with her, the nations that know knothing of the pact of London or of any other special understanding that lies at the begining of this great struggle, and who have made their supreme sacrifice also in the interest, not of national advantage or defense, but of the settled peace of the world, are now united with her older associates in urging her to assume a leadership which cannot be mistaken in the new order of Europe.

"America is Italy's friend Her people are drawn, millions strong, from Italy's own fair countrysides. She is linked in blood, as well as in affection, with the Italian people. Such ties can never be broken. And America was privileged, by the generous commission of her associates in the war, to initiate the peace we are about to consummate—to initiate it upon terms which she had herself formulated and in which I was her spokesman.

"The compulsion is upon her to square every decision she takes a part in with those principles. She can do nothing else. She trusts Italy, and in her trust believes that Italy will ask nothing of her that cannot be made unmistakeably consistent with those sacred obligations.

"The interests are not now in question, but the rights of peoples of states, new and old, of liberated peoples and peoples whose rulers have never accounted them worthy of right; above all, the right of the world to peace and to such settlements of interest as shall make peace secure.

"These and these only, are the principles for which America has fought. These and these only, are principles upon which she can consent to make peace. Only these principles, she hopes and believes, will the people of Italy ask her to make peace."

MRS. M'DONALD LAID TO FINAL REST

Funeral of Winchester Resident Held Wednesday—High Price For Corn at Patrick Sale—News Notes.

Winchester, April 23.—The funeral of Mrs. Josiah McDonald occurred at 3 o'clock Wednesday afternoon at the Methodist church Rev. C. W. Caseley in charge. Music was furnished by a quartet included Mrs. S. G. Smith, Mrs. Thomas Smithson, E. J. Markillie and George Hieronymus, with Mrs. J. W. Eckman as accompanist. The quartet sang two numbers in a very impressive way. The large auditorium was completely filled with the relatives and friends of the deceased, who was well known thruout the county, and was held in high regard by all. The many beautiful floral offerings were cared for by Mrs. S. G. Smith, Mrs. Warren Kelley, Mrs. James Wainwright and Miss Jessie McLaughlin. The remains were laid to rest in Winchester cemetery, the bearers being William Wells, E. E. Watt, Guy Clark, S. H. Allen, Richard Coultas, Frank Mason.

Misses Minerva and Kate Estes arrived home Wednesday from Kansas City where they have spent the winter with their sister, Mrs. Fannie Markillie and family.

Jesse McDonald arrived Tuesday afternoon from Omaha, Nebr. called by the sudden death of his mother, Mrs. Josiah McDonald.

Mrs. M. A. Bagshaw arrived Tuesday from Arkansas, called by the death of her sister-in-law, Mrs. Josiah McDonald. Mrs. Alonzo Ellis and daughter Kate of White Hall were also here to attend the funeral.

The Patrick Sale.

The sale of Joseph Patrick was held Wednesday afternoon at his farm home three miles east of Winchester. There was a satisfactory attendance and the sale totaled about $5,500. Everything offered for sale brought a good price. The horses sold at prices ranging from $125 down and one cow and calf brought $140. A sow and eight pigs sold for $112. The sows sold averaged $85 to $90 each. Corn brought $1.63 1-2 and $1.64 per bushel and hay $30.50 a ton. The auctioneer was C. H. Taylor of Chapin and the clerk George Hogan. The Ladies Aid of Lynnville Christian church served the luncheon.

The gross receipts from the soldiers' cafeteria supper Tuesday evening amounted to $250. When the battle tank party arrived Rev. W. R. Johnson introduced the speakers and then Rev. W. E. Collins and Sergt. Estes explained about the tank and the Victory loan. Corp. Pitt made an excellent talk at the Christian church in the evening and the special train left about 9:20 o'clock.

Card of Thanks.

We desire to express our heartfelt thanks to our many friends for kindnesses shown after the death of our wife and mother, and especially for the many beautiful flowers sent. The sympathy expressed was greatly appreciated and will never be forgotten.

Jo McDonald and Family.

LIMERICK SITUATION

Limerick, April 23.—General Shaw, commander-in-chief in Ireland, who had been in conference with General Griffin, commanding the Limerick district, returned to Dublin today. He was said to be satisfied with the Limerick military situation which the strikers hoped might be done. It was said at army headquarters today that out of a population of 38,000 in Limerick, 21,000 had applied for and been granted military passes. One pass was issued to Miss Rose Timmins, a leader of the Irish labor party, who is in Limerick.

WAVERLY MEETS LOAN QUOTA IN ONE DAY

Fine Enthusiasm at Celebration Wednesday When Subscriptions Ran to $142,000 Figure—Town Kept Up Good War Time Record.

Waverly added to its good name for loyalty and patriotism Wednesday by subscribing its full quota of $142,000 toward the Victory Loan. This fine bit of work was all done in about an hour and a half in connection with the meeting held when an exhibition was given with the battle tank in the public square. The tank on the special train arrived in Waverly about ten o'clock.

A parade was formed, led by the Waverly baud, including members of the G. A. R., pupils of the public schools, various fraternal orders and citizens generally. The line of march was from the station where the tank was unloaded, up to the public square. Mayor Fred Deatherage who was also the general sales manager for the Victory Loan, presided and introduced the speakers, Rev. W. E. Collins of this city and Corp. Pitts. A few words were also spoken by Sergt. Estes and R. E. Pierce, who are members of the party accompanying the tank. After these patriotic addresses in which the government's purpose and desires were outlined, very clearly Mayor Deatherage and T. H. Crain, publicity manager for Waverly, made appeals and very quickly began the work of receiving subscriptions.

These ran from $10,000 to $50 and in just a little more than an hour's time the whole quota of $142,000 had been subscribed. It can well be understood that a fine enthusiasm prevailed and everybody was pleased that Waverly had again done its full duty and had set this patriotic example to other precincts in the county.

Members of the party with the battle tank were entertained by the Victory loan organization at luncheon at the city hotel. The special left at 1:30 for Virden.

BELIEVE JAPS WILL JOIN PEACE LEAGUE

Tokio, April 23.—(By The Associated Press.)—The impression exists here that Japan will join the league of nations even if the racial clause is rejected. This was brought out in answer to dispatches from Paris asserting that Japan had informed the other delegates that Japan would decline to enter the league if the racial clause was not adopted.

LITERBERRY NEWS NOTES OF INTEREST

W. W. Young Exhibits Gas Mask from France—Easter Program at Baptist Sunday School—Other News Notes.

W. W. Young has been showing the children of Literberry, a soldier's gas mask, one belonging to Melvin Liter, a returned soldier from France, which was used by him while over the sea. Such a face-veil was a great curiosity to the old and young, and they examined it thoroly. Thanks to Mr. Young for taking the trouble.

The Baptist Sunday school gave an Easter program Sunday morning after Sunday school.

Song by school—Holy, Holy, Holy.

Mr. and Mrs. Wiley Acken of New York came in on the eight o'clock train Tuesday morning, and are the guests of the Scribners.

Mrs. Fred J. Henderson and children Mabel and Harry of Ianthe, Mo. arrived at Literberry Monday evening for a visit with friends and relatives.

Mrs. Elizabeth Ennis of Cedar Cottage entertained last week three nieces, Mrs. A. J. Shugart and Mrs. Dora Butcher, of Woodward, Okla., and Mrs. Inez Knowles of Cleveland, Ohio.

Some of the children here are having throat trouble and something like bronchitis. One of the Mullens children has had Dr. Wolfe of Jacksonville, come out to see her, and Howard Lee Daniels has been kept indoors for about a week with a cough.

The "Sunbeam Club Play" and the Cafeteria supper on Easter eve was well attended, and a success. About eighty dollars was taken in, and everybody had a nice time.

Jesse Liter of Bluegrass Corner is hanging paper for the Literberry people.

Birthday Party.

Mr. and Mrs. Robert Henry gave a surprise party at their home east of Murrayville Monday evening, April 21, in honor of the fourteenth birthday of their daughter Winona. Those present were Mr. and Mrs. Fletcher Seymour, Mr. and Mrs. Bert Cox and daughter Bernice, Mr. and Mrs. Jesse Vedder, Howard, Hazel and Lena Mae Lacey, Nelson, Meda and Hilda Cox, Lawrence and Oliver Sooy, Ralph Henry, Ailene Newby, Oleta, Irene and Lula Kelley, Stanley and Mildred Ellington, Frona Henry and Alice Fanning. The evening was spent in playing games and music. Refreshments were served consisting of ice cream and cake. Winona received several nice gifts, which she very much appreciated.

G. T. S. Club of Markham Gave Miscellaneous Shower.

The G. T. S. club of Markham gave a miscellaneous shower at the home of Miss Myrtle Paschall Wednesday afternoon in honor of Mrs. Oliver Stout. The regular business session was held and then contests were enjoyed. Mrs. Wilbur Williams won first prize and Mrs. R. H. Blimling consolation prize. Mrs. Stout received a number of useful and handsome gifts. During the social hour refreshments were served. Those present were: Mesdames, Houston, Johnson, Wilder, Williams, Blimling, Wolfe, Thomason, Paschall, Long, Oliver Stout, Marshall Stout, Will Stout, Hunt, Phil Cleary, Jones and Misses Ethel Thomason, Myrtle Paschall, Mary Wolfe.

VEGETABLES BRING HIGH PRICE.

Al Pierson, who is here from Florida to spend a number of months, recently received a copy of the Flagler Tribune, published at Bunnell, which gives an interesting story of some record breaking prices paid for vegetables. J. B. Boaz of that town shipped a car of cabbage to an eastern market and received $10 per crate. These returns are four or five times the price usually received. New potatoes were also shipped to an eastern market and brought the record price of $12 per barrel. When it is remembered that the barrels hold but two and a half bushels it is clear that somebody in the east is willing to pay well for new vegetables.

DR. CROUCH WILL RESUME PRACTICE.

Mention was made recently that Dr. E. L. Crouch had returned to Jacksonville following his discharge from the army service. His plans were not known at the time. How many friends will be interested in the information that he is to resume the practice of medicine in Jacksonville and will have an office in the National Bank building. Dr. Crouch with his son, Joel will have rooms at Colonial Inn.

For thirteen months Dr. Crouch was in the army service, located practically all of the time at a camp in California where he was associated with the department caring for mental and nervous diseases among soldiers.

PROPOSE TO RAISE A CEMETERY FUND.

A call has been issued by the trustees of Ebenezer cemetery for a meeting to be held after the regular church services next Sunday to consider the question of an endowment fund for the cemetery. It is the opinion of the trustees that an endowment fund of $5,000 should be raised to maintain the cemetery and that only the interest from this fund is to be used in maintenance.

According to the plan proposed by the trustees, $5,000 will be raised and invested in government bonds and such provision will be made that even if the income derived is not considered for the upkeep of the cemetery, that no part of the principal can be used. While the trustees believe that $5,000 fund is advisable, that is merely their suggestion and should the members of the church deem some other sum advisable the amount of the endowment shall be so fixed. At any rate, the whole matter in which the people of Ebenezer are all thoroly interested will be discussed at the meeting which is being planned for next Sunday.

THOSE SHOE BILLS: —KEEP THEM DOWN

Mr. John Held, merchant, of Salt Lake City, keeps an exact record of the shoes he wears. He writes, "Two pairs of Neōlin Soles have worn for me 19 months and I am on my feninety per cent of the time."

This is not an extraordinary example of the money-saving service the people get from Neōlin Soles. It is typical of the experience millions are having. These soles do wear a very long time and so help you keep shoe bills down. They are scientifically made so they must wear.

Get Neōlin-soled shoes at almost any good shoe store. Get them for your whole family in the styles you prefer. And have these cost-saving soles put on your worn shoes. They are very comfortable and waterproof as well as durable. They are made by The Goodyear Tire & Rubber Company, Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear any other heels.

Sensible Treatment For Rheumatism

Drives Out the Millions of Tiny Pain Demons That Cause the Disease.

There are many ways of treating Rheumatism, but there is only one right way.

If you are beginning to feel the first slight touches of Rheumatism, there is untold pain and suffering ahead of you, if you follow blindly in the same misdirected footsteps of unintelligent treatment. For remember that thousands of victims of this painful disease have been countless times, no doubt, as well as their hard-earned dollars in a vain effort to find a cure.

And your own experience will be just as disappointing as theirs, if you follow the old, worn-out and worthless methods of treatment.

When you realize that you must get rid of the cause of Rheumatism, and that its torturing pains will disappear when their cause is removed, then you will be on the right track, and there is a splendid chance for you to rid yourself of the disease.

The most common form of Rheumatism is caused by millions of tiny disease germs which infest the blood. The one and only sensible treatment therefore, is one which cleanses the blood of these germs, and routs them entirely out of the circulation. Anyone knows that this cannot be done by rubbing the surface with liniments.

This is why S. S. S., the greatest known blood purifier, is so successful in the treatment of Rheumatism. It is a powerful cleanser of the blood; it promptly routs all disease germs. S. S. S. has been used for more than half a century, and it will prove beneficial in any case of Rheumatism.

If you are a victim of this disease, why waste more time with the wrong kind of treatment? Go to your druggist today and get a bottle of S. S. S., and begin a course of treatment that will clinch you with its results. S. S. S. will remove the disease germs that cause your Rheumatism, affording relief that is genuine.

We maintain a medical department in charge of a specialist on Rheumatism, and after beginning treatment with S. S. S. you are invited to write for free medical advice about your own case. Address Chief Medical Adviser, 104 Swift Laboratory, Atlanta, Ga.—(Adv.)

PLANS OUTLINED FOR HEALTH WORK

General Committee for Health Promotion Week Outlines Program—Mrs. Sherman Leavitt Made Chairman of Publicity Committee.

The matter of public health is becoming more and more a subject of general concern and to the great welfare of the community. There is in this city a regular organization of which Dr. J. A. Chapin is chairman and Mrs. Sherman Leavitt, secretary.

A meeting was held last evening at the David Prince school building and general arrangements were set on foot for the suitable carrying out of a general program of a week beginning Sunday, May 11th. The chair had a letter from the director general urging efficient and general action.

Mrs. Leavitt resigned as secretary and was made chairman of publicity committee and Miss Dorothy Dorsey was chosen secretary.

The chair presented a program for the week and it was adopted and committees for each day were named, each empowered to call in such assistance as may be deemed wise and desirable.

The program for Saturday of the week caused the most discussion. A pageant which would be as it should would be very expensive and involve much labor, as for example, the one which was such a fine success the Fourth of July last. It was decided to have a committee who will take the matter into consideration.

Will Have Outside Speaker.

Some evening during the week it is desired to have a lecture by a person of eminence and Prof. H. A. Perrin was made a committee of one to secure such a person if practicable.

It was suggested that much might be accomplished by maving pictures and Miss Martha Coale was selected to interview the different moving picture men on the subject.

Dr. A. M. King, health warden, was present and agreed to cooperate in every possible manner. Showing what may so unexpectedly take place in sanitary matters, Dr. King said in this city some persons cleaned out their wells and threw the water into their privy vaults. The wells were clean but the water from the vaults seeped into the wells and two deaths from typhoid fever resulted.

The great desire of the promoters of this enterprise is to secure better health conditions by popular demonstrations and every day and day by day instruction.

The following are the days and committees named. Where there is more than one name mentioned the first named is chairman and in all cases the chairman or single committeeman has authority to call in all assistants desired.

Program for Week.

Sunday, May 11th — Health talks in churches; health lessons in Sunday schools; announcements of health promotion week. Rev. J. F. Langton, Rev. Father Formaz, Rev. E. B. Landis, Mr. McCabe.

Monday, May 12th—General clean-up day: homes, cellars, barns, streets, alleys, etc.; plan for rubbish and waste disposal announced; fly and rat catching contest; merchants' window display; fly proofing day; mosquito elimination; local health condition survey; voting contest announced to terminate Friday noon. —Miss Martha Coale

Tuesday, May 13th—City beautification day: painting, gardening, weed destroying; dust abatement; community bonfire night. The Park Board.

Wednesday, May 14th.—Child welfare day; exhibit demonstration and lecture.—Mrs. Herbert Capps.

Thursday, May 15th.—Survey day; physical examination, adults and school children; milk supply test; water supply test.—Drs. Canatsey, Adams and Milligan.

Friday, May 16th.—General school day exhibit of fly traps and bird houses; hygiene lessons on sanitation; writing of health essays; special Modern Health Crusaders' Day.—Prof. H. A. Perrin.

Saturday, May 17th.—Pageant day and field day.—Messrs. M. R. Fitch, Henry Frisch, Fred Begg.

LEGISLATOR STRONG FOR VICTORY LOAN

E. E. CRABTREE ADDRESSED JOINT SESSION WEDNESDAY

Members of House and Senate Heard With Evident Interest Reasons for This Loan—Joined Enthusiastically in Victory Slogan.

Springfield, Ill., April 23.—Senate members came over shortly after noon today and joined with the house in a booster meeting for the Victory Loan.

Edgar E. Crabtree of Jacksonville, Illinois, chairman for the eighth federal district, made an appeal on behalf of the loan in which he asked the legislators to urge on their constituents the necessity and privilege of subscribing for bonds.

Members of the legislature are quite familiar with "appeals" and it is not an easy matter to get them to enthuse. But in this case the subject was fine and it was handled in such an eloquent and patriotic way by Mr. Crabtree that the legislators were not long in catching the spirit. As proof of their patriotic enthusiasm dignified members of the senate and house joined like collegians in this "yell," with Mr. Crabtree as the leader:

Are we true Americans?
True Blue
Do we love the boys who won?
We do.
Have we lost our native pep?
Not yet.
Are we for the Victory Loan?
You bet.

They gave it a number of times with increasing vigor and seemed to like it better every time

In his address Mr. Crabtree summed up the whole Victory loan campaign in the following paragraphs:

Not Oratory But Facts.

Mr. President, Mr. Speaker and Members of the General Asssmbly:—

It is a pleasure, a rare opportunity, a most courteous privilege you have accorded me to address you. I should not presume upon your time, your patience if I did not have a message which I firmly believe to be for the prosperity, contentment and honor of our State as well as that of our dearly, beloved country.

I have no words of oratory with which to entertain you. Mine must be a simple statement of facts in an effort to bring thru the instrumentality of your far-reaching influence, an awakening an understanding of the national duty to the people of our state. I speak in my capacity as chairman for that part of Illinois representing the Eighth Federal Reserve District, and on behalf of Mr. Gifford, director of sales for that part of Illinois in the Seventh Federal Reserve District and in behalf of the Victory Liberty Loan.

You are all leaders in your respective communities else you would not be here. In your own minds you are assured of the absolute need of this Loan and that the Loan will be a success but we want you to carry this assurance to your homes. We want you to tell them the need for this money. We want you to emphasize it to the organization in your respective communities that Our Nation's honor is at stake. We want you to impress upon them that this war is not yet finished, that our duty is not yet done until the last dollar of our indebtedness is paid and our last boy is brought home. You are the men better equipped by reason of your standing in the great state of Illinois than anyone else to carry this message to the people in your respective communities. This should not be considered a duty but should be considered a great privilege.

Our people have reason to look upon this loan as one of Thanksgiving and really it should be considered as a Thanksgiving Loan because had the war continued for a period of another year we would have had to raise not $4,500,000,000 but probably $20,000,000,000 by bonds and taxation, to say nothing of the untold sacrifice of life; therefore, I repeat it, we should enter into this campaign with a spirit of Thanksgiving, thankful that so many of our boys are able to return to us alive and hearty.

It has been said that the war is over, patriotism is dead, the government has no use for so much money, it has been extravagant in its expenditures, etc., but I say to you that patriotism is not dead—it has only been slumbering and only needs to be aroused by just such men as you to put all the machinery of our great Liberty loan organization of splendid men and women at work. The American people are not known to be quitters—we are not going to quit this job until it is completed for it would be an everlasting disgrace should it be announced to the world that we could not raise this last loan, but there is no such a fear as to that for we can do it and will do it, but let us do it quickly. We can just as well it it in the first week or ten days as to take three weeks at it.

Why Money Is Needed.

Now, for what is this money needed? The war stopped quickly, no one had the slightest hope that it would end before next fall. Our Government had purchased untold supplies. At the beginning of the war we are told, with one exception, all the big guns that we had of our own were taken from our battleships but when the war ended we had, not guns by the dozen but big guns by the hundreds and even by the thousands on the wharves of France and America. The Germans perfected a deadly gas but at the close of the war the Americans had perfected a gas so deadly that the French government had asked it not to be used until the Germans were driven back on their own soil because the gas not only destroyed people but destroyed the very soil.

We had tanks by the thousands. We are told that the American government had one tank for every seventy five yards of the battle line and these were ready to go into battle this spring. We had ammunition, food supplies, clothing, etc., that had to be paid for and not one of us would ever rest contented until our debts were fully liquidated.

True, there may have been some extravagance. Suppose your business was multipiied not once but twenty fold over night, would you not make mistakes? We had gone into a righteous war—we went into it to win and win speedily—we had to act quickly and we did, but what of the waste of money during the war period? War is waste any way that you look at it—it is a waste of human blood. it is a waste of heart beats, of heart throbs, of brain, a waste of industry, of raw materials and finished product, but our seeming waste of money and materials was the means of saving thousands of the lives of our precious boys because the fact that we were so well prepared to go into the spring campaign, that we had this deadly gas, this great stock of ammunition and equipment,was really what caused the war to stop so quickly because Germany knew as well as we that in one year they would have no German army to surrender; therefore, instead of waste, it was really a saving in money as well as in human lives.

The Business View.

Now let us look at is purely from a business standpoint. By the very terms of our Consititution we are severally and collectively honor bound to pay our debts. You would not like to live in a community which did not pay its debts, neither would you wish to live in a Nation that would not take care of its obligations, but at an investment, the terms which our government had offered to us are favorable from every standpoint. Where can we find a better investment? You all know the terms—there is no use in my repeating them. Where can we lend our savings and surplus money to better advantage than to our government at 4¾ per cent? Our government would have the right to take our funds without promising to return, or without any interest at all if it saw fit but it does not see fit.

Our government is noted for taking care of her people and that is what she is trying to do now.

I am sure that without further appeal you are fully aware of your resonsibilty in this great Thanksgiving Loan. The doughboys fought their last fight on Nov. 11th. 1918, but the people of America, we, who are behind the lines have one more battle and it is equally essential that we win. Your victory and my victory is not complete until every dollar of our obligations have been met. It must be done in the name of the Victory Liberty Loan. Success is necessary that we may finally and firmly say to the Hun that the spirit and morale of the American people is unbroken and that we are a unit behind our government and our boys.

On behalf of the Treasury Department which I represent I thank you for the opportunity that you have given to me today. I am sure that it only becomes necessary for you, who have the ear of the people, to carry the message of our individual responsibility to your constituents to make this our last Thanksgiving Victory Loan a great success.

DOKAYS HAD GREAT TIME AT CEREMONIAL

Nineteen Tyros Took the Work—Many Visitors Present—Plan for Another Class.

Voted by all present as one of the best ceremonials yet given was that held Wednesday night in the K. of P. hall, north side square, by Ilderim Temple No. 62, Dramatic Order Knights of Khorassan. More than 250 persons were present, a good program was offered and the work, as promised, went off with speed and precision. Nineteen tyros took the degree, a large proportion of them being from out of the city. A six o'clock banquet was spread which was much enjoyed, following which was the regular order of business and conferring of degrees.

The Class of Tyros.

Those taking the work were C. H. Hannaford, E. L. Young, W. V. Sheppard, O. Lee Lewis, Walter Johnson, R. F. Dell, C. S. Ford, C. H. Sawyer, W. H. Foyler, I. E. Hedgecock, and F. E. Battershell, all of Roodhouse; R. D. Omer and Henry Vortman of Chapin; W. F. Filson of Concord; Chas. W. Wallihan, Chapin; O. B. Cannon, L. W. Hudson, Wm. Barr Brown and James Guyette of Jacksonville.

Visiting members were, George Rebman and John Crater, Beardstown; Geo. E. Bundy, Henry Gerbing, J. C. Lorton, R. T. Burdette, Ed D. Thompson, W. B. Strang, C. D. Chapman, Dr. Weiss, R. D. Filson, Roodhouse.

The music of the evening was furnished by the Temple Quartette, composed of W. W. Gillham, Dh. C. B. Magill Earl Richardson and James Guyette; and orchestra, composed of Earl White, Thomas Drake, Rolland Keil and Chas. Sheppard.

The character of "Joc was taken by L. O. Vaught; "Tolphi and His Imps" was given by Frank Bracewell, R. I. Dunlap, C. Clary and E. A. Rohlman.

Worthy of special mention was the work of McCarty's Arab Patrol. A great deal of drill has been necessary to get the team into its old time shape due to taking in new members to replace those in service abroad.

Vaudeville acts staged by Mason Rowe of this city and F. E. Battershall of Roodhouse received strong applause and brought these men back on the floor several times.

Talked for Victory Loan.

During an intermission the Hon. W. E. Thomson made an appeal for full support of the Victory Loan, in which he explained the government's present necessity and what might be the result if the loan failed to go "over the top" in short order.

Already a movement is on foot for another ceremonial when is is planned to enroll a class of fifty tyros, have a parade and public drill by the Arab Patrol.

PRESBYTERY HAS ADJOURNED SESSION

At the meeting of the Springfield Presbytery yesterday six commissioners were chosen to the general assembly, to be held in St. Louis. Dr. E. B. Landis of this city, received the highest vote of the three ministers chosen, the others being Rev. E. Safford of Decatur and Rev. J. D. Rugh of Taylorville. The lay delegates are George Conner, Maroa; J. J. Wilmert, Lincoln, and M. L. Henry, Mt. Zion.

At the session Wednesday afternoon a number of statistical reports were presented and miscellaneous business transacted. Speaking for Westminster church, Mr. Ensley Moore made a report which caused a great deal of interest. Mr. Moore stated that the church had increased the salary of its pastor, had paid off a debt of some years' standing, and had gone over the top in the New Era subscription campaign. The Jacksonville men who attended the Presbytery were Dr. E. B. Landis, Rev. W. H. Marbach, Rev. J. H. Morphis, Mr. Ensley Moore, Dr. C. C. Cochran and Mr. George Day.

C. N. Priest has received a new electric gasoline pump which he will have installed in his garage.

John Coe of Winchester visited the city yesterday and took home a five gallon gasoline pump for use at his garage.

Matrimonial

Flynn-McCarthy

A large company attended the marriage service for Miss Nellie McCarthy and Mr. George E. Flynnfi solemnized at the Church of Our Savior Wednesday morning. Father Formaz officiated and celebrated nuptial high mass. The bride was attended by her sister, Miss Marie McCarthy and the groom's best man was Robert McCarthy, a brother of the bride. Mrs. Flynn's handsome bridal gown was of white georgette crepe and crepe meteor and she carried a bouquet of bride's roses. The maid of honor wore Pekin blue georgette crepe and her bouquet was of American beauty roses.

Following the impressive service members of the wedding party and relatives to the total of twenty five were entertained at a wedding breakfast at the home of the bride's parents, Mr. and Mrs. J. L. McCarthy, 653 Hardin avenue. The rooms at the disposal of the guests were very prettily decorated in pink and white colors. There were wedding bells appropriately placed and roses lent glad radiance to the scene. An elaborate menu was served and in the early afternoon Mr. and Mrs. Flynn left for a wedding journey.

Both of the young people so happily married have the very high regard of those who know them and they will begin their married life most auspiciously on the farm home they are to establish in Winchester precinct.

Guiney-Booth.

William Guiney of Christopher and Miss Carrie Booth of Norris City were married at Trinity rectory Wednesday morning by Rev. J. F. Langton. The groom, who served nine months in the overseas service of the army, was recently released. That he was in the thick of the fight was proven by the fact that he wears a distinguished service medal. Both he and his bride are well known in the vicinity of Christopher where they are to make their home.

W. J. Edelbrock, who has been spending a number of months in Morgan county, returned last night to Wichita, Kans. Mr. Edelbrock has interests there and in the vicinity of Winfield.

INJURED HIS HAND.

W. T. Dunn, employed by J. A. Paschall, was injured Wednesday afternoon while he was assisting in moving a safe. Mr. Dunn in some way caught his hand between the safe and a part of the wagon on which it was loaded and the member was badly crushed. Dr. A. M. King gave the necessary surgical attention and it will be a number of weeks before he is able to attend to his usual work.

ODD FELLOWS WENT TO BEARDSTOWN

A number of local Odd Fellows went to Beardstown Wednesday to attend the District Encampment meeting which was held Wednesday afternoon and evening. It was the expectation that a large number would make the trip by automobile but the rain about 4 o'clock scared many from attempting to make the trip. Quite a number went over on the afternoon Burlington train. The degree staffs of Ridgeley and Temple Encampments conferred the degrees on a large class.

With the Sick

Miss Elsie Whitney underwent an operation for tonsilitis at Passavant hospital yesterday and Miss Clarice Worland is taking care of her.

Mrs. J. W. Mallock of Beardstown is visiting her daughter, who is a patient at Passavant hospital.

Johnson Wins Long Battle.

Washington, April 23.—Washington and Philadelphia battled thirteen innings before 13,000 spectators in the opening game today, Washington winning 1 to 0. The game was a pitching duel between Johnson and Perry. General March, tossed out the first ball.

Agnew, paved the way for the winning run in the thirteenth when he hit safely.

The score:

Philadelphia— 000 000 000 000 0—0 9 1
Washington— .000 000 000 000 1—1 7 1

Perry and Perkins; Johnson and Agnew.

Champs Take First.

New York, April 23.—Before the largest crowd that ever saw an American league opening in this city, the Boston world's champions defeated New York today by an overwhelming score of ten to nothing.

Ruth, Boston's sensational slugger, started the champions off to vistory in the first inning, batting a home run with Hooper on base.

Mays held New York at his mercy thruoughout the game.

Boston .. 210 000 016—10 13 0
New York 000 000 000— 0 4 4

Mays and Schang; Mogridge and Hannah.

Brooklyn Takes Third Straight.

Boston, April 23.—Brooklyn made it three straight today by defeating Boston 6 to 1. Boston was unable to hit Grimes when men were on bases. Fillingim pitched well for Boston, allowing Brooklyn but one run in eight innings. He was taken out in the eighth. Nehf and Ragan who worked in the ninth, were hit hard and Brooklyn scored five runs. Score:

Brooklyn .010 000 005—6 6 3
Boston ....000 000 001—1 5 4

Grimes and Miller; Fillingim, Nehf, Ragan and Wilson.

Giants Trim Phillies.

Philadelphia, April 23.—Philadelphia outbatted New York in the opening game today, but poor all-around work by Jacobs and Baird's errors gave the visitors the game, 10 to 7. New York hit safely in every inning, Kauff and Doyle lifting home runs over the right field fence. Score:

New York.021 313 110—10 14 1
Phillies ... 100 200 013—7 16 3

Barnes and McCarty; Jacobs and Adams.

Reds Take Opener.

Cincinnati, April 23.—The wildness of St. Louis' left-hand pitchers, May and Sherdell, enabled Cincinnati to win the opening game before more than 22,000 fans today. Sherdel relieved May in the seventh and walked four men in the eighth, forcing in two run and putting the local team in the lead. Meadows then went in and three more runs were made on a hit by Neale and a wild pitch. The score by innings:

St. Louis ..000 110 000—2 6 0
Cincinnati .000 000 15*—6 7 0

A. P. VASCONCELLOS HAS LONG LIFE RECORD

Veteran of Civil War Saw Years of Service—Definite Recolections of Lincoln.

A. P. Vasconcellos is recovering from a slight illness at his home on East College street. The gentleman was born Dec. 8, 1843 in Madeira and was the son of Joaquin and Mary Vasconcellos. He came to this country when he was 11 years old, sailing from his island home March 25, on a large three-masted vessel, propelled only by wind and bearing 200 pasengers. Passage was slow and a storm made them all terribly sick. They landed in New York May 5 and proceeded to Springfield, their home. He said when they were in dock in New York a West Indies vessel came in, loaded to capacity with sugar. Her decks were away below theirs and when her burden was removed her decks were considerably higher than theirs.

While residing in Springfield he saw much of Abraham Lincoln for whom his father worked. They used to call him Compres, meaning tall man. He said the first time he ever saw him he was sitting on a curb stone talking to a farmer. At one time also he saw him in a little church where he sat listening to the sermon very devoutly. At another time he remembers him walking along a street leading his little boy, Tad, and when he entered the church to reverently removed his hat.

One time Mrs. Lincoln wanted their premises raked and he went to do the job, but he said that she was a rather notionate person to work for. She would have him first one place and then another, and he was worn out by the time he was thru.

een Interest in Election.

When election day came in 1860 the old court house at the corner of Sixth and Washington was used as a polling place and was very much crowded and when Mr. Lincoln had cast his ballot two enthusiastic supporters made a seat of their hands, others sat him on it and they carried him out of the building.

The night of the election Mr. Vasconcellos says was the first time his father ever let him go out evenings, but he was so anxious to hear the news that he went down to the old state house while returns were coming in and stayed there until nearly morning. The excitement ran very high and as report after report was favorable men went almost wild. He said he saw men take off a silk stove pipe hat and ram their fists right thru the crown in their excitement.

Then came the big ratification meeting in a wigwam and he got in but could not hear very much as the jam was so great. He said Mr. Lincoln was not at all boastful but very modest in his demeanor. He also remembers many times seeing Logan and Douglas in the capital city.

Enlisted at Early Age.

Before he was quite 18 years old Mr. Vasconcellos enlisted in Co. G, 114 infantry, at Camp Butler. There were nine Portuguese boys in the campany and he was the only one who served thru the three years, all the rest being incapacitated by wounds or illness. From Camp Butler they were sent to Memphis and were put into the first brigade under Gen. R. P. Bucklin, 15th army corps, under Gen. Sherman and started for Vicksburg. When they had proceeded 75 miles below Memphis the brigade was formed into a hollow square and Sherman made a speech to the boys. He told them that all about them the men had gone to war and were ready to shoot them on the first opportunity and that they would have to stand their ground. He said they were taken on flat cars and made a slow trip The scenes about iVcksburg are already well known and Mr. Vasconcellos' name is on the roll of honor in the Great Illinois monument on the historic place.

He said at one place in Tennessee there were a strong Union sentiment and as they passed thru there was a young lady arrayed as a goddess of liberty and the people there were strong for the Union.

Hardships of War Days.

The story of his adventures in the war would fill a large volume and cannot be repeated here. He saw the time when shoes gave out when his feet were swollen double their size; when provisions ran low and a crust of mouldy bread would have been a feast. When after a weary march to stop at night and lie in the mud and rain until morning, again to resume the dismal drive. But they persevered and our happy country today is the result. He returned to Springfield and remained a short time and then came to Jacksonville, where he has since lived. The most sensible thing he ever did in his life was on Dec. 4, 1879, when he married Mary Cherry, daughter of the late John Cherry, a lady of rare qualities and noble character, one who has been a companion, a helpmeet and everything that a loving wife and mother should be. Their home was gladdened by two sons and two daughters. Their son, John holds the important position of manager at the Cherry livery stable and George is overseas with the 124th battery 33rd division, machine gun corps. Their daughter Hattie is with the angels and Jessie is at home. Mr. Vasconcellos is also very proud of his baby grandson.

He is a faithful member of Northminster church, an elder and teacher in the Sunday school. For 12 years he was neither absent or tardy and only sicknes or absence from the city has kept him away. For many years he successfully conducted a grocery on East State street, and enjoyed a fine trade, but the weight of years and failing health caused him to dispose of his business and he is now enjoying a happy old age, able to look back upon a useful and well spent life.

Mrs. Vasconcellos shows a great pride and pleasure in a beautiful knit white bedspread sent her by George from France. It is an ingenious piece of work and she prizes it highly.

Every mother knows that coughs and colds, neglected, may lead to the most dread diseases. Croup, bronchitis, pneumonia and consumption often have their beginning in a slight cold.

The wise mother gives

Foley's Honey and Tar

at the first signs of a cough or cold. She knows it stops coughs quickly, puts a soothing, healing coating on an inflamed and tickling throat, and gives a feeling of warmth and comfort to the sufferer.

Mrs. M. E. Schlarb, Ashland, Penn., writes:—"Foley's Honey and Tar is the best cough and cold remedy I have ever tried. When my little girl gets a cold on her chest, I give her a few doses, and it relieves her right away."

RECEIVED WORD OF SON'S DEATH IN FRANCE

Mr. and Mrs. W. T. Fisher of Murrayville Receive Word of Death of Son in France—Died of Wounds October 12.

Murrayville, April 23.—Mr. and Mrs. W. T. Fisher residing south of Murrayville received official notification today of the death of their son, Tracey Fisher which occurred in France October 12, 1918.

They had previously received word that their son was dead but until today the government had never sent them anything official. According to government report he was wounded in battle on October 9 and died of his wounds October 12, three days after.

Tracey Fisher went with the contingent from Morgan county in June 1918. Within three months after reaching a cantonment he was sent for overseas service, being assigned to the 32d division Co. I, 125 infantry.

He was 23 years of age and was born in the vicinity of Murrayville and all his life had been spent there. Besides his parents he is survived by six brothers, Claude Fisher of Rockford, Frank Fisher of Chicago, Henry and Teddy Fisher at home and Lee and Glenn Fisher who are both in overseas service, two sisters, Mrs. Tiny Walker and Mrs. May Blimling of Murrayville.

Fisher is the second Murrayville boy to make the supreme sacrice, Earl Sooy being missing in action several months ago and tho his death has not been verified his family have little hope that he is alive.

Howard Martin son of L. L. Martin arrived home today from overseas service having received his honorable discharge.

A NEW CONTAGION: BEWARE!

Of all the kinds of pestilence
The races ever knew,
It seems that none was ever known
More direful than the "flu."
Each land has felt its cruel sting,
Its devastating curse;
But let me tell you frankly, friend,
There's something far much worse.

Though unperceived by microscope,
Its germs are in the air.
Be careful not to breathe them in;
They're almost everywhere.
Its victims number multitudes,
And yet there's never seen,
To mark the places where they dwell
The wonted quarantine.

The doctor's art is all in vain
With such an ill to cope.
Despite its fatal action, though,
There's reason still for hope;
For every one infected holds
Within himself the cure;
And but his will to have it so
Will make his healing sure.

But what's so bad about it all,
And causes such distress,
Is, very strange indeed to say,
Its utter gentleness.
It gives no aches, it gives no pain;
Yet's worse than influenza.
Ah, what a paradox it is!
'Tis called the "I'm-thru-enza."

"It's over 'over there,'" we say,
And fold our arms content.
Have we forgotten, oh, so soon!
What all that struggle meant?
Shall we ignore our heroes' work?
Shall I, my friend? Shall you?
Shall we refuse to pledge ourselves
To crown their efforts true.

Take every ill that comes along,
From measles to the grip,
Let no disease, if so you choose,
Untested by you slip.
And if your list be incomplete,
Add Spanish influenza,
Or something just as bad, but please
DON'T add the "I'm-thru-enza."

NATHANIEL MILLER.

DANDRUFF MAKES HAIR FALL OUT

A Small Bottle of "Danderine" Keeps Hair Thick, Strong, Beautiful.

Girls! Try This! Doubles Beauty of Your Hair in a Few Moments

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a small bottle of Knowlton's Danderine for a few cents at any drug store or toilet counter and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all — you surely can have beautiful hair and lots of it if you will just try a little Danderine.

GREASE THAT COLD

Mighty few colds ever reached a serious stage if Grandma could get to work on them in time. And all she asked in the way of remedies was a little goose grease and surpentine. This combination is just as good for colds now as it ever was, and it can be obtained in MEN-THO-EZE.

In addition to goose grease and turpentine, there have been added menthol, the great Chinese remedy, wintergreen, peppermint and other aromatic, healing oils, which, when inhaled, send their soothing fumes right into the raw, inflamed throat and lungs and draw out the soreness, giving relief in 20 minutes.

Be ready for the first sign of trouble. Keep a jar of MEN-THO-EZE handy. In opal jars, 30c and 60c.

CORN MARKET TAKES ANOTHER BIG JUMP

Results in Great Extent to the High Price of Hogs—Oats Also Advances With Corn—Provisions Up.

Chicago, April 23.—Big advances in the corn market today with trading on a scale resulted to a great extent from a jump in the value of hogs to the highest price ever known, $21.15 a hundredweight. The clase in corn was at the topmost point reached, a net gain of three cents to 5⅛c a bushel, with July $1.62⅜@$1.62½ and Sept. $1.59⅛@$1.59¼. Oats finished 1¼c up to 1⅞c up, and provisions showing a rise of 12c to 55c.

All deliveries of corn quickly went above any previous quotations this season, and despite heavy profit-taking sales kept on the up-grade almost unchecked thruout the daq.

Oats were hoisted by the same forces that governed corn.

Much activity as well as strength developed in provisions owing to record-breaking advances of hogs and corn. May lard jumped to $31.00 per cwt., a new tip-top.

BUYING OF RAILS CHIEF FACTOR ON EXCHANGE

Reinforced by Keen Inquiry for Other Popular Shares—U. S. Steel Makes Big Gain—Liberty Issues Firm but Featureless.

New York, April 23.—Factors which contributed measurably to the strength and activity of today's stock market notable the confident buying of. rails were operative again today, reinforced by a keen inquiry for other popular shares, particularly steels, coppers and numerous equipments.

United States Steel was the central feature at an extreme gain of 2¾ points to 103, though yielding all but a large fraction in the last hour.

The rise in rails was again restricted mainly to low grade issues of the western and southwestern sections, investment shares such as trans-contineitals, Reading and Eastern trunk lines at no time making more than slight gains.

Aside from Royal Dutch, oils were uncertain with shipping and motors and their accessories, but metals were unusually active and strong, International Nickel being the only noteworthy exception.

Tobaccos, fertilizers, food specialties and a variety of miscellaneous issues forfeited much of their variable gains at slight pressure, a nirregular tone prevailing at the active close. Sales amounted to 1,700,000.

Liberty issues were firm but featureless. Total sales (par value) aggregated $11,875,000.

MRS. MARY KACKMAN DIED VERY SUDDENLY

Aged Resident Died of Strangulation—Had Resided Here For More Than Fifty Years.

Mrs. Mary Kackman an aged resident of the city died suddenly of strangulation at her home 228 North East street about 2:45 o'clock Wednesday afternoon.

As she died before a physician could be summoned Coroner Rose was notified and empanelled a jury and held an inquest. The jury was composed of the following, John Hodgson, foreman, E. G. Saye clerk and George A. Moore, G. A. Muehlhausen, P. E. Shepherd and H. L. Chaney.

The testimony of Mrs. Paul Shepherd, Mrs. E. H. Beacraft and Miss Adeline Kackman a daughter of the deceased was heard.

Mrs. Shepherd who resides at 313 East North street testified she was called by Miss Kackman about 2:45 o'clock and found Mrs. Kackman lying on the floor. She had difficulty in breathing. Mrs. Beacraft who had also been called and the witness with the assistance of a colored man who was called from the street placed her on a couch. Dr. Duncan was called but could not be reached and Dr. Wolfe was called but Mrs. Kackman was dead when he arrived.

Mrs. E. H. Beacraft of 310 East Court street was in the garden at her home when called by Miss Kackman. Her testimony merely substantiated that of Mrs. Shepherd.

Miss Adeline Kackman, daughter of the deceased testified that her mother came in from the yard about 2 o'clock and complained of being thirsty. Witness said she fixed her some grape fruit juice which she drank and after she gave her some water and she said she felt better. Witness then went up stairs and her mother soon rapped on the door and when she came down she found her mother lying on the floor. Witness called for help and Mrs Shepherd and Mrs. Beacraft came to her assistance. Miss Kackman said her mother frequently had coughing and choking spells.

After hearing the evidence the jury returned a verdict that the deceased came to her death from strangulation and weakened condition due to advanced age.

Mrs. Kackman was 83 years of age and was the widow of the late Joseph Kackman. She was born in Germany. The family was one of the oldest German families in the city, having resided here for more than half a century.

She is survived by four children, Miss Adeline Kackman and William Kackman at home, Henry Kackman of Kansas City and Mrs. Alma Cincebaux of Oklahoma.

Arrangements for the funeral have not been made.

PUBLIC SERVICE TO BE HELD TONIGHT

By the Illinois Chapter of the American Guild of Organists—Program at Woman's College.

The Illinois Chapter of the American Guild of Organists will hold its second public service in Jacksonvile at Illinois Woman's College tonight, at eight o'clock.

This is the largest organization of organists in the United States and Canada and has as its avowed purpose the elevating of the level of organ playing and church music thruout the country.

The solo numbers will be played by Miss Florence Hodge, organist of Christ church, Chicago, and J. Lawrence Erb, organist of the University of Illinois.

The quartette of Grace Methodist church will sing two anthems and Miss Rena Lazelle will be heard in a group of solos. The address on the Aims and Purposes of the Guild will be given by Mr. Erb and Mr. Stearns will play the service.

All are cordially invited to attend this service tonight in Music Hall at eight o'clock.

Just received another consignment of the popular MICKEY Records at J. Bart Johnson Music Company.

A STRONG MAN

The venerable James Hamilton tells a good story of the olden days when a man named Col. Henderson, weighing 450 pounds, made of muscle and fat and regarded as invincible. A bully from the hills came to Springfield with the avowed intention of getting into a fight with Col. Henderson and giving him a whipping. He went to the hotel and asked for the colonel and told of his mission. The landlord said that the colonel would probably be in soon and accommodate him. He arrived riding a good sized pony, dismounted and entered the hotel, was introduced to the mountaineer and treated him to a drink and then the mountaineer told his errand.

The colonel said he would accommodate him as soon as he put up his pony. Stepping out to the hitchrack he untied the animal, squared himself around, made the pony stand up and put his front legs over the colonel's shoulders. Then reaching back he took the hind legs in his hands and walked to the barn with the animal. When he came back the mountain bully said, "I guess I had better give up in advance and acknowledge I am licked."

"Just as you like," said the colonel, "but if that is your mind let's have a drink."

WHEREIN THE VICTORY LOAN IS DIFFERENT

The New Loan Has Many Advantages Not Embodied in any of the Earlier Issues.

As a popular loan the Victory Loan puts the small investor in a class with the big financier in giving him an opportunity to reap adequate returns on his savings. This will be the last Liberty Loan offered the people thru popular subscription and there are a number of attractive features to this loan not embodied in any of the other Liberty Loans which financiers say may send its securities to a premium as soon as the drive is over. In the first place the term of the loan is short, not longer than four years, the average time of a real estate mortgage. They may be exchanged for notes bearing 3¾ per cent interest wholly exempt from taxation, to be issued by the Treasury Department later.

The big bills for all great undertakings are not presented until the work is finished or nearly so, so it is with this war. Receipts from all the Liberty Loans were spent by our government before the money for the sale of the bonds reached the United States Treasury. The proceeds of the Fourth Loan were all spent before December 15, and Uncle Sam carried on his business by short term loans from the banks, borrowed against the expected receipts from the forthcoming Victory Loan and the income tax.

The country must now pass thru a period of readjustment. Great business enterprises who doubled and trebled their facilities and their working forces to meet war demands must now be paid in order that they may have the necessary capital to divert their business into peace time channels. New business enterprises must be started, to furnish employment for the labor released from war work and for the re-eurning soldiers. All of this requires that money be plentiful and generally distributed thruout the nation.

The success of the Victory Loan has a very personal meaning for every business man, so much so that it will pay each one of you to get out and work for it until it is put over. This thing of "let George do it" won't do in this case. If you want a thing well done do it yourself.

She was united in marriage in this city to Louis Mitchell who survives her, together with several children Her husband followed the carpenters' trade while resident here, and was at one time street commissioner. At the present time he is chief of police of Havana.

The remains were brought to this city over the C., P. and St. L. Wednesday morning and taken directly to Diamond Grove cemetery, where services were held at 12 o'clock noon in charge of the Rev. W. R. Leslie, pastor of Centenary church. The bearers were Ellsworth Wells, George Brown, T. H. Rapp and E. E. Hatfield.

BAKERY UNDER FEDERAL SYSTEM OPENS IN OREGON

A Portland, Oregon paper says, "Portland's first store under the federal system of bakeries was opened at 146 Third street, between Morrison and Alder, March 31. The store has met with instant success, and the holders of the system franchise have opened a branch at Tacoma and are planning more stores for Portland.

"Bread and rolls alone are baked. The ovens are in plain view from the window and every step in bread-making is witnessed by the patrons. The bread when taken from the ovens is racked and sold directly over the counter on the "cash-and-carry" system. No bread is wholesale. On Saturday, April 12, the store oversold its capacity of 3,000 loaves a day.

"W. W. Schermerhorn is the manager of this model bakeshop. Associated with him are L. W. Allen and F. B. Schermerhorn. Four bakers and four counter girls are employed. Emil Kroll is foreman of the bakers, who are William Olson, Gustav Weidemar and M. Phister.

A BEAUTIFUL COLLECTION

Mrs. J. Herman has received from her nephew, Harry Siff, overseas, a beautiful collection of pictures showing the church and grounds at Ehrenburg, Germany. The church is finished in the interior in mosaic and is truly gorgeous and lovely. The grounds vie with the edifice in attraction and in addition to trees and flowers numerous statues adorn the premises. The pictures are in colors and are valued highly by the fortunate owner.

POTTERY DISPLAY AT BASSETT'S

Lovers of pottery will be interested in the display shown this week by the Bassett Jewelry Store. The line handled by Bassett's is known as the Fulper and is exceptionally fine. It includes vases, the low wide bowls, flower holders, etc.,, both decorative and useful. In the colorings will be found Chinese blue, sky, browns and greens, in particularly harmonizing and pleasing blendings and shading. Especially attractive are the flower bowls and vases with their adaptability to the arrangement of three or four roses, carnations, or other flowers, making an impressive showing.

OPENING NICKEL & GRAY GARAGE Concord Saturday afternoon and evening, April 26th. The ladies of the M. P. church will have an ancient exhibition, bazaar and supper. Everybody welcome.
